Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 12, 2016, Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Fees Schedule. The text of the proposed rule change is available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fees Schedule. Specifically, the Exchange proposes to delete the reference to "Test Center" fees from the Continuing Education Fees subsection of the Regulatory Fees section of the Fees Schedule to reflect the fact that the Exchange no longer offers test center delivery of the Regulatory Element of the Exchange's continuing education requirement; as of July 5, 2016, delivery of the Regulatory Element of the Exchange's continuing education requirement is entirely Web-based.

On August 8, 2015, the Securities and Exchange Commission ("SEC" or "Commission") approved SR-FINRA-2015-015 and the proposed changes to FINRA Rule 1250 therein, which, among other things, provided for Web-based delivery of the Regulatory Element of certain of FINRA's continuing education programs.³ Pursuant to SR-FINRA-2015-015, effective October 1, 2015, Web-based delivery has been available for the Regulatory Element for the S106 Continuing Education Program for Investment Company and Variable Contracts Representatives, the S201 Continuing Education Program for Registered Principals and Supervisors, and the S901 Continuing Education Program for Operations Professionals.⁴ Web-based delivery of the S101 General Program, the continuing education program for all other registration categories, became available on January 4, 2016, as contemplated by SR-FINRA-

2015-015. In addition, pursuant to SR-FINRA-2015-015, test center delivery of the Regulatory Element of the S101, S106, S201, and S901 continuing education programs was to end after January 4, 2016, but in no case more than six months after January 4, 2016 or July 5, 2016.⁵ Since July 5, 2016 has passed, going forward, the Regulatory Element of the above-listed continuing education programs is no longer administered at test centers and is only offered via Web-based delivery.

The Exchange utilizes FINRA's continuing education programs for its own continuing education requirements. Consistent with SR-FINRA-2015-015, the Exchange recently filed SR-CBOE-2015-084⁶ relating to continuing education. In the filing, the Exchange proposed substantially similar changes to its rules as those set forth in SR-FINRA-2015-015 with respect to Web-based delivery of the Regulatory Element of the S101 General Program, S106 Continuing Education Program for Investment Company and Variable Contracts Representatives, the S201 Continuing Education Program for Registered Principals and Supervisors, and the S901 Continuing Education Program for Operations Professionals. Consistent with SR-CBOE-2015-084, the Exchange also filed SR-CBOE-2015-093 to amend the Fees Schedule to provide that the fee for Web-based delivery of the Regulatory Elements of the S101, S106, S201, and S901 Continuing Education Programs would be \$55 as opposed to test center delivery, which would continue to be \$100 per session until test center delivery of the Regulatory Element was phased out and the programs were no longer offered at testing centers.⁷

⁵ Test-center delivery of the Regulatory Element will be phased out by no later than six months after January 4, 2016. See Securities Exchange Act Release No. 75581 (July 31, 2015), 80 FR 47018 (August 6, 2015) (Order Approving a Proposed Rule Change To Provide a Web-Based Delivery Method for Completing the Regulatory Element of the Continuing Education) (SR-FINRA-2015-015).

⁷ See Securities Exchange Act Release No. 76352 (November 4, 2015), 80 FR 69760

In its filing, the Exchange stated that upon cessation of the availability of test-center delivery of the Regulatory Element, the Exchange would submit another fee filing to remove references to test center fees from the Fees Schedule.⁸ Accordingly, the Exchange now proposes to amend the Fees Schedule to remove the now-obsolete \$100 fee for test center delivery of the Regulatory Element of the Exchange's continuing education requirement.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

¹¹ Id.

The Exchange believes that the proposed rule change is consistent with the Act. Primarily, the Exchange believes that the elimination of obsolete rules helps to eliminate confusion and makes the Exchange's rules more clear and transparent, which is in the interests of both market participants and the general public. The Exchange is continuously updating the Rules to provide additional accuracy, detail, clarity, and transparency regarding its operations, trading systems, and fees. The Exchange believes that the adoption of detailed, clear, and transparent rules reduces burdens on competition and promotes just and equitable principles of trade. Furthermore, in general, the Exchange believes that promoting the Web-based delivery method for continuing education serves the best interests of market participant's and the general public by lower the costs of participation in the markets. The reduced cost of Web-based delivery of the Regulatory Element of the S106, S201, and S901 Continuing Education Programs lowers barriers to entry and removes impediments to a free and open market and national market system by making it easier and less costly for Trading Permit Holders to participate in the market. The Exchange believes that reducing the costs of continuing education promotes regulatory compliance, which is in the best interests of investors, consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather, the proposed rule change merely seeks to delete references to a fee that is no longer applicable to any Trading Permit Holder under the Rules. In fact, the Exchange believes that the proposed rule change will relieve any burden on, or otherwise promote, competition by lower costs of entry to the markets and making it easier for market participants to satisfy the Regulatory Element of the Exchange's continuing education requirement.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and paragraph (f) of Rule 19b-4¹³ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
